Introducing our

4 IN 1 MIXER TAP

What do I get with a 4 in 1 Mixer tap?

HOT

COLD

INSTANT
BOILING

INSTANT
FILTERED

80-98 Degree hot water

All INSTABOIL hot water taps and dispensers offer hot, cold, boiling and filtered water delivered to you at the temperature you desire. Our filter systems will insure you will not experience scum, scale or bad tasting drinks. Our INSTABOIL 4 in 1 hot water taps are ideal for home and small office use.

Filtered hot water

Our INSTABOIL under counter filtration system reduces hardness, odours, chlorine and other bad tastes to deliver the best water quality.

Certification

All our product are ce approved and our INSTABOIL boiler is wras approved
